

Heather Graddy, DVM

EDUCATION

Bachelor of Science, Animal and Dairy Sciences, Mississippi State University. May 2002.

Doctor of Veterinary Medicine, Mississippi State University, College of Veterinary Medicine. May 2005.

Master of Science, Veterinary Medical Sciences, Mississippi State University, College of Veterinary Medicine. May 2006. Concentrations: wildlife, epidemiology.

PREVIOUS VETERINARY POSITIONS

Associate Veterinarian, Westview Animal Hospital, 6/1/2006 – 12/1/2019.

Practiced general medicine and surgery in a multi-doctor private practice, working primarily with cats and dogs, but also some small exotic mammals. Supervised up to five staff members. Skilled in preventive care and general medicine. Competent performing common soft-tissue surgeries; basic ultrasound skills. Excellent client communication skills (oral & written).

Led animal behavior services at the practice: provided a behavior consultation service; recommended tools and practices to minimize patient stress hospital wide; and established a “puppy kindergarten” program.

Veterinarian, Pet Wellness Clinic, 6/1/2006 – 12/1/2018

Wellness clinic focusing on vaccines, preventive care, and minor health issues. Advised on and administered vaccines, performed wellness exams, and performed other wellness procedures (venipuncture, etc).

Relief Veterinarian, Patuxent Wildlife Research Center. 6/1/2006 – 12/15/2019.

Provided veterinary services including preventive, medical, surgical, and emergency care for captive wild birds, including cranes, small raptors, sea ducks, and quail. Surgically implanted transmitters into wild caught seaducks. Performed necropsies and provided other veterinary services supporting research projects.

Volunteer Veterinarian, Community Cats Maryland, Baltimore, MD. 1/2007 – 1/2012.

Performed surgery and provided other veterinary services as part of trap-neuter-release feral cat population control program.
